AFFAIRS OF THE DISTRICT

A Permit Granted the Postal to String More Wires.

A Conduit to Connect the Third Precinet Station-Central Union Mission Asks for More Light-Complaint as to Weeds in a Public Square-Defective Railway Gates.

Walter C. Allen, the Electrical Engineer of the District, has recommended to the Commissioners the laying of conduit connection to the Third Precinct police station. This connection is to consist of a single terra cotts pipe four inches inside diameter and is to extend from the manhole of the Chesapeake and Potomac Telephone Company at the northwest corner of Twentieth and K streets, westward along the line of existing telephone conduit and directly above to a point opposite the Third precinct station, and thence at right angles across K Street to and into said premises.

Mr. Allen states that at the point in front of the stationhouse where the line turns at right angles to the street an exavation will be made large enough to permit the drawing in of the cable, fter which two or three lengths of split terra cotta pipe will be placed around the cable, the conduit sealed and the cut repayed. In this way, Mr. Allen says, a manhole in front of the stationhouse will be avoided. He suggests that the estimated cost of \$155 be charged to the appropriation for the wires of the underground telegraph and tele-It is understood that the Commissioners

will approve the recommendation.

George W. Ribble, Manager of the Postal Telegraph Cable Company, has requested of the Commissioners a permit to quested of the Commissioners a permit to string two additional wires on existing poles beginning on Benning Road 200 feet west of the tracks of the Pennsylva-nia Railroad Company, thence to the sta-tion of the Chesapeake Beach Railway at Chesapeake Junction, and thence along the Chesapeake Railway's right of way to the District line.

the Chesapeake Railway's right of way to the District line.

At the request of the Commissioners the Electrical Engineer has made an investigation into the merits of the case and now recommends that the permit be granted. The Postal Telegraph Cable Company, he says, bas complied with the requirements of the Telegraph act of 1866, and in accordance with the recent opinion of the Attorney for the District can be permitted to string these wires.

The Commissioners have approved the

The Commissioners have approved the recommendations of the Electrical Engineer.

A. L. Swartwout, Secretary of the Central Union Mission, recently requested the erection of two street lights, one in front of the Mission Building, 622 Louisiana Avenue, and one at the C Street entrance to said building, 622 Louisiana Avenue, and one at the C Street entrance to said building. 622 Louisiana Avenue, and one at the C Street entrance to said building, 622 Louisiana Avenue, and one at the C Street entrance to said building. 622 Louisiana Avenue, and so much so that the Mission the required to furnish these lights, and supplied the lights, not such as are really needed nor in the best place for light many times, and so much so that the Mission of the equired to furnish these lights, and supplied the lights, not such as are really needed nor in the best place for light many times, and so much so that the Mission of the equired to furnish these lights, and supplied the lights, not such as are really needed nor in the best place for light many times, and so much so that the Mission of the equired to furnish these lights, and supplied the lights, not such as are really needed nor in the best place for light many times, and so much so that the Mission of the display and such as a prevent of the street. We think that we should not be required to furnish these lights, and supplement of Electric Lighting. Thomas Streets, is very well lighted, gas lamps and the propositively that such would be done, and stated that he had sent to Baltimore to get an expert to come over and see that the gates were put in proper condition. Upon his assurface to move over and see that the gates were put in proper condition. Upon his assurface to move over and see that the gates were put in proper condition. Upon his assurface to the light of the street. With regard to Louisiana Avenue, he says, it is the intention of the display and the proposed the mission. The east or trians avenue have been proved to the such as a proposed to remove material on Exercises by Patriotic Societies.

Those of the residents of Washington, and elsewhere for that matter, who have been accustomed to enjoying a late sleep in the morning will certainly have to forego that pleasure tomorrow if the sisme and the matter of the morning will certainly have to forego that pleasure tomorrow if the sisme as the society. Music will be furnished by a portion of the Marine Band, which, all of today the shops where fireworks a resold have been beeinged by the inevitable small boy who has been laying in a stock of the society. Music was a resold have been beinged by the inevitable small boy who has been laying in a stock of the society. The others were stored have been beinged by the inevitable small boy who has been laying in a single of the society. The others were stored have been beinged by the inevitable small boy who has been laying in a single store that the will be set as the store of the society. The others were stored that the will do so with a vengeance is a foregone conclusion.

There are any number of new devices made for the purpose of ventilating the patriotism of Young America and Old America too, for the old man never forgets his younger days as he enthusiast, and will be girls there so the society are an by.

Although Major Sylvester, of the Police Days There will be speceles, fireworks, and all the other time-honored that three and one-half inches long, there is no order on earth that can limit a few for the more than three and one-half inches long, there is no order on earth that can limit a few for enthusiasm.

It is said that the manufacturers have been invested a form of five-cracker which prevents the use of five-cracker which prevents the use of five-cracker which controlled the noise that can be made by these outlets for enthusiasm.

It is said that the manufacturers have been invested a form of five-cracker which controlled to the said that the main Bostoffine will be only the controlled to the said that the noise that can be made by these outlets for enthusiasm.

gineer, says that the present grade, which is a falling one from the end of the street toward Second Street, was fixed after care-ful consideration and consultation with the owners of a majority of the abutting property, and it is confidently believed by him to be much superior to the conditions before its establishment. Mr. Hunt is of the opinion that if the former conditions had been allowed to remain the conditions had been allowed to remain they would have ecessitated catch basins in the middle o he square and would have been perma

The other matters complained of in Mr The other matters complained of in Mr. Chamberlain's letter coming under the jurisdiction of the Health Department, Dr. Woodward reported as follows: "The pond complained of is the result of the recent heavy rains. The water of which it is composed cannot now be classed as foul or filthy, and therefore its removal can be required by the Health Department and filthy, and therefore its removal can be required by the Health Department only through the issue of a certificate to the effect that the connection of the premises on which it is located with the public sewer is necessary in the interests of the public health. I have directed that the accessary certificate be prepared and that a control of the public health. notice requiring the connection of this property with the public sewer be sub-ritted to the Commissioners for signature such notice will be served and enforced is soon as practicable. illows thirty days after service for com-

oliauce therewith. "It is not improbable that the particular pond will have disappeared before the expiration of the time allowed, but sewer connections will be none the less necessary, fer unless they are provided or the lots graded this nuisance will recur from time to time. Action on this case has been delayed by the Health Department so that it could keep this pond under obser vation for sufficient length of time to de termine the necessity of artificial means for its removal

The report of the Health Officer was yes-erday confirmed by the Commissioners. Lieut. John Kenney, of the Eighth precinct, has submitted a report, through his superior officers, to the Commissioners, relhibited:
"The regulation will continue in effect so far as it relates to the use and discharge of guns, air guns, rifles, pistols, or other firearms, cannons or torpedoes.
"The police are directed to strictly enforce the regulation so far as it applies to firecrackers of any manufacture more than three and one-half inches in length, small sized toy pistols, toy cannons, and dynamite and other dangerous bombs, and in

> UNNECESSARY LOSS OF TIME. Mr. W. S. Whedon, cashier of the First National Bank of Winterset, lowa, in a recent letter gives some experience with a carpenter in his employ, that will be of value to other mechanics. He says: "I had a carpenter working for me was was obliged to stop work for several days on ecount of being troubled with diarrhoea. I menti-med to him that I had been similarly in the same of the same of the same and Diarrhoea Remedy had cured me. He bought a bottle of it from the druggist here and informed me that one dose cured him, and he is again at his work." For sale by Henry Evans, wholesale and retail, and all druggists.

The committee of six who assembled at our office yesterday at 1 o'clock to decide upon a suitable name for the new Beer found a very difficult task awaiting them. Great piles of letters were opened and their contents carefully noted. Each suggestion that seemed above the average was laid aside to be finally passed upon. The question ultimately narrowed down to a half dozen names-and after several ballots it was unanimously decided that the best dark beer in America should henceforth be known as

This name was submitted by Miss Rosie Austin, 419 North Washington Street, Alexandria. Va., and a check for \$15 will be mailed to her address today. "Old Bruin" is now ready for delivery-and will soon appear under its new label. It represents the highest attainment in the brewmaster's art-and is pronounced by connoisseurs to be the best dark beer ever brewed in this country It is well aged-and absolutely PURE. You can get a sample case today by calling up the

THE STEAMFITTERS' STRIKE.

Mea Who Demand Higher Wages Confident of Victory.

The striking steamfitters and their elpers held another session this morning it their quarters on the top floor of No. 425 Twelfth Street northwest. It was chiefly a revival meeting for talking over the situation. The men will not begin to draw strike benefits until the first of next week. Then each of them, fitters and helpers alike, will receive \$6 a week. They claim to have money for continuing the strike indefinitely, as they declare all the draw strike benefits until the first of next trike indefinitely, as they declare all the uilding trades will join in support of the

"We have the bosses on the hip," ex-"We have the bosses on the hip," ex-plained one of the strikers today. "They are talking foolishness when they say that contracts are in shape to stand a shut-down just now. One New York firm is putting a \$40,000 heating plant in the Ar-lington, and it must be done by fall. We can make those contractors give in by hav-ing their New York employes walk out unless the firm pays us the new scale ing their New York employes walk out Josephine Smallwood, colored, aged twenty-fe unless the firm pays us the new scale years, swallowed a dose of earbolic acid at 1

here.

"As for the local shops, they've got to come to our terms or we will get all the other trades in town to walk off every job where we are not recognized. We job where we are not recognized. We home in Armory Place northwest, about I o' 'Away back in March-about the 24th of A lease was put on record today by Mary

the month—we notified the bosses that we would present a new scale on September 1. They asked to have it deferred to October 1. We consented. But about the Buffalo, N. Y., lots No. 1 and part of Lot No. tober 1. We consented. But about the middle of last month we got a note from them, saying that units we accepted their offer of \$3.20 for fitters and \$1.60 for helpers they would not recognize our unions. We couldn't stand that, and so we all walked out on the 1st of the month. We will win this strike, sure."
